

presently an ESE service territory. The Michigan Public Service Commission has determined the existing service is inadequate in three areas, including load growth, reliability, and electrical transmission system reinforcement. WEPCO/ESE's load growth has nearly exceeded capacity and its need for reliable service and additional capacity to meet peak system demand is urgent. The purpose for constructing the project is to increase reliability of service and provide an additional source of power to the customers served within WEPCO/ESE service area.

Permits or licenses required to implement the proposed action include: right-of-way easement from the Michigan Department of Natural Resources, wetland permits and erosion control standards from the Michigan Department of Environmental Quality, Section 404 determination and permit from the US Army Corps of Engineers, road crossing permits from Delta and Schoolcraft counties and the Michigan Department of Transportation, railroad crossing permits from the Wisconsin Central Railroad, approval of Interchange Agreement from the Federal Energy Regulatory Commission, Certificate of Public Convenience and Necessity from the Public Service Commission, Act 69 approval from the Michigan Public Service Commission, Section 106 Review by the Michigan State Historic Preservation Office and a Wild and Scenic River Determination from the USDA Forest Service.

The USDA Forest Service is serving as lead federal agency for the preparation of an EIS that will evaluate the purpose, need, and routing alternatives on the Hiawatha National Forest for the proposed project. The decision to be made is whether to allow the use of portions of the Hiawatha National Forest for siting a transmission line facility. The USDA Forest Service has invited other affected agencies to participate in the environmental process. Preliminary issues associated with this proposal include construction across two designated wild and scenic rivers, aesthetic effects, health and safety concerns from electromagnetic

fields, impacts to wetlands from construction and effective wetland restoration, disturbances to threatened, endangered and sensitive plant and animal habitat, noxious weed control, recreation access to roads, rivers, and trails during construction and the commitment of forest resources over the long term.

The public is invited to attend meetings to be held June 17, 18, and 19, 1997, from 7:00 p.m. to 9:00 p.m. at the township hall in Nahma, the Omni Center in Rapid River, and the township hall in Cooks, Michigan, respectively. In additional meeting will be held June 17 at the Nahma township hall from 11:00 a.m. to 1:00 p.m. The purpose of the workshop-style meetings, is to share project information and identify public issues and concerns. To assist the Forest Service in identifying and considering issues and concerns on the proposed action, written comments on the proposal should be as specific as possible. Please note that written comments made on the proposal will be regarded as public information. Anticipated publication date for the Draft EIS is November 1997 and the Final EIS in early 1998.

Dated: June 5, 1997.

### International Trade Administration

#### Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of opportunity to request administrative review of antidumping or countervailing duty order, finding, or suspension of investigation.

### Background

Each year during the anniversary month of the publication of an antidumping or countervailing duty order, finding, or suspension of investigation, an interested party, as defined in section 771(9) of the Tariff Act of 1930, as amended, may request, in accordance with section 353.22 or 355.22 of the Department of Commerce (the Department) Regulations (19 CFR 353.22/355.22 (1993)), that the Department conduct an administrative review of that antidumping or countervailing duty order, finding, or suspended investigation.

**OPPORTUNITY TO REQUEST A REVIEW:** Not later than the last day of June 1997, interested parties may request administrative review of the following orders, findings, or suspended investigations, with anniversary dates in June for the following periods:

	Period
<b>Antidumping Proceedings</b>	
BELGIUM: Sugar, A-423-077 .....	6/1/96-5/31/97
